AN EXPLORATION OF ANGELS AROUND US

# An Exploration of Angels Around Us

What are angels to you? Walking through artist Suzie Hartford's exhibit you will experience a motivating and enchanting expression of different forms of precious angel wings. "Angels Are Around Us" exhibit is full of unique hand sculpted angel wings that were created with no limitations on what angles can look like. Suzie Hartford's angel wings are made up of mixed media materials to create a magical scene of sculpted genuine angel wings.

Angels Are Around Us exhibit will have large, medium and small angel wings throughout the exhibit. Suzie loves to sculpt astonishing and breathtaking large 5ft to 7ft tall angel wings. The large angel wings are to express her larger than life gratitude in having angels around us. She also offers medium angel wings in approximately 2ft and 3ft angel wings. The medium wings are typically made up of broken and shattered glass. Suzie also introduces a new shape of her smaller wings each year. The smaller angel wings are typically 1.5ft tall. There are currently four different styles in the 1.5ft tall angel wings. As you journey through this exhibit you will experience different and unique styles, sizes and designs of angel wings. Throughout the exhibit you will also see Suzie Hartford Love Blocks. Her popular blocks are made of broken glass that are in the shape of hearts, wings and more. These angel wings are not what you have typically seen before. Some wings are covered in roses, some are made of broken tea cups and all of them are unique in their own way.

Suzie Hartford started sculpting angel wings after a life changing event when she felt and saw there were many angels around, living and in spirit. She continues to sculpt angel wings to explore and share her personal feelings. Suzie's art work is dedicated to giving others love, gratitude, peace, and hope in their lives and into their homes.

Angels Are Around Us art exhibit by Suzie Hartford is a visual, emotional and spiritual journey that will have you searching deep in your heart and soul to bring to thought the angles that are around you. Join in on sharing heavenly feelings through the embodiment of angel wings.

With love,

## Work Experience and Exhibits

During my life and studies at UFV I created art through many mediums, but it wasn't until a moment in my life where I saw the angels of God and felt a calling to give thanks in the form of sculpted wings. I have found my forever passion in creating angel wings to express and share myself.

My angel wings took off when I attend **Vancouver RAW artists show**. The show was a success and I enjoyed it. I then showcased my work at the **Charlene Reaveley Children's Charity Gala**, in Vancouver at the **Pacific Arts Market** and **Carousel** on Dunbar. I was thrilled to be working further with stores and galleries such as **Hudson's Bay Queen Toronto**, **Surrey Art Gallery Rentals**, **Coquitlam Heritage Exhibit**, **Favorite Finds Maple Ridge** and more! I am also a new and emerging artist with the Canadian Counsel for the Arts.

I am ecstatic to share my expression of love to audiences through my artwork.

# Artistic Statement

Suzie Hartford

I hand make angel wings to use as my canvas. I am a mixed media sculpture artist who has found a unique style of work. The different mediums I use allow me to express different ideas through a multitude of textures that explore my diverse feelings about angels. My wings are a unique representation of myself that offer others to see my feelings and explore their own feelings of love, peace and light through the unique form of angel wing.

I believe artwork is a powerful method in displaying and distributing emotions. I am passionate about my belief that Angels are around us in all different forms. My work is a love and life story about the feelings I have in my soul.

Behind the difficult times and good times we always have angels in our lives.
